

Tingwei Wu

Data Analyst

About me

Passionate about uncovering insights through data and contributing to impactful decision-making. Combining technical expertise with problem-solving skills to drive results.

Education

University of California, Los Angeles

Statistics, 2023 - 2025

Contra Costa College

2020-2023

Hercules High School

2017 - 2020

Skills

- R • C • C++
- Tableau
- Machine Learning
- Data Visualization
- Statistical Modeling
- Experiment Design

Interests

- Running
- Soccer
- Data Storytelling

EXPERIENCE

2024 Masked Miles Project (DGT-HUM101)

Data Analyst | UCLA

- Collaborated on a digital humanities project to map and analyze travel data.
- Published results on a website: Masked Miles.

2024 NBA Team Winning Predictions (Stats 101C)

Team Project | UCLA

- Developed predictive models using R for NBA game outcomes.
- Utilized gradient boosting to improve accuracy.

2024 Experimental Design Project (Stats 101B)

Team Member | UCLA

- Designed and conducted experiments to analyze the effects of diet and exercise on physical health.
- Applied ANOVA and visualized results using R.

2024 California Housing Price Analysis (Stats 101A)

Team Project | UCLA

- Conducted exploratory data analysis and regression modeling to predict housing prices in California.
- Built multiple linear regression models in R.
